STEP 5

We guide you through your X1 student visa application and interview. After approval, you receive a pre-departure briefing, and we arrange your airport pickup in China.

PART 1 | 04 REQUIRED DOCUMENTS CHECKLIST

Prepare Your Documents Early

Gathering these documents early is the best way to keep your application on schedule. Upload clear, colour scans through your student portal.

☐	**Valid Passport**	At least 6 months of validity remaining.
☐	**Highest Education Certificate & Academic Transcripts**	Complete and legible.
☐	**Physical Examination Form**	Completed by a registered doctor.
☐	**Non-Criminal Record (Police Clearance Certificate)**	Recent and issued by the relevant authority.
☐	**Passport Photo**	Recent, on a plain white background.

We prepare with you: your study plan, recommendation letters, CV, translations and notarisation (where required).

> **Not sure whether a document is acceptable?** Ask your Admission Advisor before you upload it. We would rather answer early than fix problems later.

Tips for a smooth application

- Use your name exactly as it appears on your passport.
- Keep scans clear and in colour. Send PDF or JPG files.
- Give a WhatsApp number you check daily, as your advisor will contact you there.
- Choose up to three programme preferences, in order of priority.
- If a question does not apply to you, write N/A rather than leaving it blank.

PART 1 | 05 POPULAR PROGRAMS

Programs Our Students Choose

We place students across Bachelor's, Master's and PhD programmes. These four fields attract the most interest.

MBBS / Medicine

Train as a doctor at leading Chinese medical universities, with modern teaching hospitals and internationally oriented programmes. One of the most sought-after pathways for African students.

IT & Computer Science

Study alongside a world-leading tech sector, with programmes in software engineering, artificial intelligence, data science and cybersecurity.

Engineering

Choose from civil, mechanical, electrical, petroleum and many other disciplines, taught at institutions known for engineering excellence and industry links.

Business & Economics

Gain a global perspective on international trade, finance and management in the world's second-largest economy.

Many programmes are taught in English. Your advisor will help you choose the right level, university and language of instruction.

Scholarship tiers we work with

CSC

Chinese Government Scholarship

The flagship route, typically the most competitive. Strong study plans and academic records matter most.

Provincial

Provincial scholarships

Offered through provincial governments to students at universities in their region.

Awarded directly by individual Chinese universities, often with flexible profiles.

Your advisor recommends the best tier after your document assessment.
